

TO ASSEMBLE THIS SHADE, PLEASE FOLLOW THESE SIMPLE INSTRUCTIONS.

- (1) Hold the top shade ring with one hand and insert the metal stays into the receptacles on the top shade ring with your other hand, one at a time. (Inserting the stays into the receptacles will require you to apply tension to the stays so they can be put into the receptacles.)

- (2) Turn the shade up-side down, and then push the 3-prong ring down into the clips until it is secured by the clips. (You will hear a "click".)
